ROUTING:

1. Punch 1/4" holes at FL, FR, RL, RR.
2. Reinforce each hole with a fender washer + duct-tape patch INSIDE the box.
3. Strap A: anchor at FL, up over kid's LEFT shoulder, clip in front, down to RR.
4. Strap B: anchor at FR, up over kid's RIGHT shoulder, clip in front, down to RL.
5. Adjust slack so box hangs at kid's hip - bottom of box ~mid-thigh.
6. Chest clip must release in under 2 sec - TEST before paint day.
